

October 4th - National Taco Day

Taco Tuesday is celebrated every week. It is believed that the first taco was introduced to the United States in 1905. We thought we would share Gil's (our resident culinary artist) recipe of authentic tacos for National Taco Day. Who doesn't love a good taco?

ENJOY!

Making Gil's Original Carne Soft Tacos

1. Dice onion, chop cilantro

2. Slice limes

3. Prepare the beef

In a hot fry pan, add canola oil, add beef and taco seasoning. Fry about 20 minutes, stirring occasionally. Remove beef from pan and cut into small cubes.

4. Prepare the tortillas

In a separate pan, add canola oil to heat tortillas on each side. It should be warm and soft, NEVER CRUNCHY.

5. Assemble the tacos

Add beef, onion and cilantro to warm tortilla. Don't forget the wedge of lime.

6. Serve the tacos

Left to individual preference, garnish with jalapeño and onion and finish with hot sauce.

For your convenience, we've created a recipe card for you to download:
